Orange County E-Bike Safety Pilot Bill

This takes about 5 minutes. Use your home address, not your city name. Several Orange County cities are split across more than one Assembly district.

Step 1. Find your Assembly member

Open the official lookup tool and enter your home address: findyourrep.legislature.ca.gov

Write down:

- Your Assembly district number
- Your Assembly member's name

If the tool and the list below disagree, trust the address lookup.

Step 2. Open their official contact form

Use the matching row. Start the message with: **Dear Assemblymember [Last Name]:**

DISTRICT	ASSEMBLY MEMBER	ORANGE COUNTY AREAS (ALL OR PART)	DISTRICT OFFICE PHONE	OFFICIAL WEBSITE / CONTACT

Verify your representative using the official lookup at findyourrep.legislature.ca.gov; district boundaries include all or part of listed cities.

Click **Contact** on the website and use the official form. That is the message that gets logged as constituent mail.

Step 3. Send the email

1. Copy your constituent letter.
2. Fill in your name, city, and Assembly district number.
3. Use this subject line: **Please Support an Orange County E-Bike Safety Pilot Bill**
4. Paste the letter into the message box.
5. Submit the form.

Keep the greeting simple. Do not address the letter to "District Director" unless you are following up with a specific staff person.

Constituent letter

Subject: **Please Support an Orange County E-Bike Safety Pilot Bill**

Dear Assemblymember [Last Name]:

My name is [Your Name], and I live in [City], California, in Assembly District [Number].

Too many residents think e-bikes are only a city or police problem. They are not. Cities and police must operate within state law. This is an Orange County problem and a Sacramento problem.

Marin County already did the work. In 2024, Assemblymember Damon Connolly authored AB 1778, the Marin Electric Bicycle Safety Pilot Program, allowing Marin County to adopt common-sense e-bike rules that meet its local needs.

San Diego County already did the work. In 2024, Assemblymember Tasha Boerner authored AB 2234, the San Diego Electric Bicycle Safety Pilot Program, allowing San Diego County to adopt common-sense e-bike rules that meet its local needs.

Orange County is asking for the same tool. I respectfully request that you convene the Orange County Assembly delegation and author or co-author an Orange County Electric Bicycle Safety Pilot Bill.

Please give Orange County the authority to adopt common-sense e-bike laws that address the needs of our county, instead of relying on 34 different city-by-city solutions or a wait-and-see statewide process that leaves us behind Marin and San Diego.

Please let your constituents know which member will carry the bill and when the delegation will meet to discuss it.

Thank you,

[Your Name]
[City], CA

Step 4. Optional, but helpful: call the district office

After you submit the form, call the district number above and say:

I am a constituent calling to ask Assemblymember [Last Name] to work with the Orange County Assembly delegation on an Orange County Electric Bicycle Safety Pilot Bill. I also submitted a written request through the official contact form.

Have your city and ZIP ready. Staff may ask you to confirm you live in the district.
